You all,

I just received the attached e-mail, apparently in response to the Notice of Procedural Schedule e-mailed to all of you this morning. Mr. Allen inquires, "do we also have to supply the exhibits to each of the persons on the e-mail list as well" as to the individuals entitled to be served with the filing? The answer is: Parties may be served through their counsel, who are specifically listed as such on the Notice of Procedural Schedule. Those individuals desiring courtesy copies of these exhibits may obtain them from their counsel or request such from the individual disseminating the filing.

Because this case is on such an expedited schedule, I will accept and attempt to answer procedural questions such as that posed by Mr. Allen, in which an expedited answer is required, provided that all parties are copied with the e-mail and a copy of the e-mail is filed with the Authority's Executive Secretary no later than the next business day.

Lynn Questell, as Pre-Hearing Officer.

Lynn,

Thanks for the information. I had a question as a follow-up to the Notice of Procedural Schedule. Specifically, we anticipate filing these exhibits to our formal data request. Copies of these exhibits will be provided by hand-delivery or facsimile to each of the parties. Query, do we also have to supply the exhibits to each of the persons on the email list as well. The reason I ask is because these exhibits would have to be typed to create a word perfect file before we could e-mail them and these documents are very lengthy. If any one on the email list wants a copy is it alright if we ask them to notify us and then we could fax them a copy provided we get their fax number? Your comments would be much appreciated. Thanks.  
Chris.
